Believe me they don't know, this worlds not right you understand. So don't say, you'll be better if you go on and just pretend to walk by the low blows this worlds not right you understand and now we know

The years go by like a hole in the sand, darling please don't cry take a hold of my hand as we go for a ride... here we go hold on tight.

Believe me they don't care they'll just move on some friends they are. So stand up you'll feel better this could get good if you would start to speak out there's no dare This worlds not right so here we are.

The years go by like a hole in the sand, darling please don't cry take a hold of my hand as we go for a ride... here we go hold on tight.

The light says go, we won't look back. We'll find our way, we won't be callin'

The years go by like a hole in the sand darling please don't cry take a hold of my hand... as we go for a ride... here we go hold on tight.

The years go by like a hole in the sand darling please don't cry take a hold of my hand... as we go for a ride... here we go hold on tight.

The years go by like a hole in the sand darling please don't cry take a hold of my hand... as we go for a ride... here we go hold on tight. Hey yeah.
