Somebody better save me
I've given everything I can
I guess it's times like these that'll make a man

Story of a soldier
Reaching out a wounded hand
They can see it in his eyes that he understands
And he says
Ohh god we're missing something
We're trying to pick it up sing
Ohh god we're missing something
We're trying to pick it up scream
Ohh god we're innocent
We're innocent I swear

Story of a daughter
Busy with a hectic life
Till the news came down and she realized
Her mother always loved her
But never got the words just right
They came easy some how on the day she died

And she says
Ohh god we're missing something
We're trying to pick it up sing
Ohh god we're missing something
We're trying to pick it up scream
Ohh god we're innocent
We're innocent I swear

Are we smart enough
Calm enough to brave these waters
Strong enough
Bold enough to move
Have we lost enough
Hurt enough to leave our fathers
History has nothing more to prove

Ohh god we're missing something
We're trying to pick it us scream
Ohh god we're innocent
We're innocent I swear

Ohh god we're missing something
We're trying to pick it us sing
Ohh god we're missing something
We're trying to pick it us scream
Ohh god we're innocent
We're innocent I swear
