"We Escape"

Hold till we make it,
Living on our own is the safe bet
Broken every rule on the way kid
We threw them away

Afraid of the starlight
Walking on the edge of the outline
Push until the day that we flat line
It's easy to say

We want it all and we want it now
We want it all and we want it now

So today we escape
And we run, till we faint
It's a total disaster
Wishing that the end would come faster
Told me I was wrong so I passed her
I put her in place again

We want it all and we want it now
We want it all and we want it now

So today we escape
And we run, till we faint

We're not ready to fade
We're not ready to fade
We're not ready to fade (We're not ready to fade)
We're not ready to fade We're not ready to fade)
We're not ready to fade (so we wont go)
We're not ready to fade (so we wont go)
We're not ready to fade (so we wont go)
We just need to escape

La da da da da da
La da da da da da
La da da da da da
La da da da da da
TWO THREE FOUR!
