Here I whisper
Breathing with her
You can do this here
What's important
Anymore than
Conquering your fear

I can feel it burn
I know you're somewhere here
And I will never learn
How to be sincere
And here we go again
I'm trembling in fear
I'm out of my own skin
Just because you're near

Far from over
Wilting clover
Withering despair
I will promise
Make my promise
Always to be there
Maybe someday you will see me

I can feel it burn
I know you're somewhere here
And I will never learn
How to be sincere
And here we go again
I'm trembling in fear
I'm out of my own skin
Just because you're near

Maybe some way you will see me
Maybe someday you will see me

I can feel it burn
I know you're somewhere here
And I will never learn
How to make this clear
And here we go again
I'm trembling in fear

I'm out of my own skin
Just because you're near

(Just because you're near)
(Just because you're near)
I'm out of my own skin
Just because you're near
(Just because you're here)
I'm out of my own skin
