so here i stand  
in no-man-land  
with a sun  
in my hand

which sparkles with  
your dead beams  
through moons creek

no...you can't run you can't crawl  
through the life you (once)adored  
even though pain is too strong  
and you can't take it anymore

sun is burning  
ever eternal  
infernal burning

dangerous mad  
forever screwed  
remind me of you

no...you can't run you can't crawl  
through the life you (once)adored  
even though pain is too strong  
and you can't take it anymore

(her devilish soul)  
what is the healing of life if life is pointless  
what is the meaning of life if we are limited  
to the desires and passions we feel  
why don't we tear down the wall when dreams  
and souls are hold imprisoned  
why is too little handed over to fatalism and  
psychedealism  
why not be free as the eagle and hunt the passions you  
see  
why not remains as your black god infinite in the cynic  
flesh  
what the hell have i done???

...you break me!!!
