

Autumn Under Fire "Robot Chatter"

Visit "[Robot Chatter](#)" on MotoLyrics.com

This time, she said forevermore.
Forever, forevermore.
It's true that she's a liar,
But I'm the best.
Her eyes still have the fire
And I just lit the rest.
Her words are burning brighter
It's easy to see
That they don't mean a thing
Unless she's saying them to me.

(Go! Go! Go! Go)
I wish I would have known
(I! Should! Have! Known!)
You lied, and my heart broke
(You! Watched! It! Go!)
It's not my fault, it shouldn't be.
(Say! It! A'int! So!)
Now I'm begging you girl
I wanna watch you leave leave

She seems to be
An undivided attention-whore.
And this time she
Is gonna jump around on the dancefloor
Begging for more
I've got a little secret
It's hiding it's head
And you're the one to keep it
Hidden underneath your bed
It's making me so nervous
I'm begging you please
Try telling me truth
So that I can rest in peace

(Go! Go! Go! Go)
I wish I would have known
(I! Should! Have! Known!)
You lied, and my heart broke
(You! Watched! It! Go!)
It's not my fault, it shouldn't be.
(Say! It! A'int! So!)

Now I'm begging you girl
I wanna watch you leave leave

(Go! Go! Go! Go)
I wish I would have known
(!! Should! Have! Known!)
You lied, and my heart broke
(You! Watched! It! Go!)
It's not my fault, it shouldn't be.
(Say! It! A'int! So!)
Now I'm begging you girl
I wanna watch you leave leave
