[Avain]

it's a thin line between love and hate  
liikaa todisteit rapin kuolemast but wait  
witterit takas Pasilaan sek Puluun  
takas siihen ku ei tajunnu miten nopee aika kuluu  
apuu kysy jos ps ei pystys pysy  
jos tahdot pelkstn dissaa ja biiffii ni sh shh  
vinyyli instrusettii, ulos eka setti  
muistat s ku joskus 2.50 makso dschetti

[REdrama]

were sick of chit chat so skip that  
we are killing the thief fillin dreams  
so keep the spliff fat and past that  
and fast fast rap makes cat laugh  
and havin blast while your pants  
hangin out without your ass?  
and not havin class that was the point  
but now missing the point  
but listen we don't disappoint with joint  
we're gonna set it straight  
I use to have tapes but no more  
REdrama makes sure I got a faith on a store

this bring it back kaikki mit oli ennen  
let's be glad to bring hiphop doing that thing  
we don't lend it, annan tle koko hengen  
kaikki mit oli ennen, luulit s sen jo ohi menneen?  
this bring it back kaikki mit oli ennen  
let's be glad to bring hiphop doing that thing  
so bring it back, vied bkkii  
bring it back, vied bkkii, bring it back  
vied bkkii, bring it back, bkkii
