I turn around in the night  
To stare at the moon  
Tears from the earth and the skies  
Will power my soul

An ocean like the silver light  
Reflection in my eyes  
I'll turn your day to night  
The demon comes  
When the candles all burned  
Down below the earth we see  
That evil won't pass by  
The kiss of dark, you'll feel... you know  
This means war!

[bridge:]  
They say I'm blind  
I don't care who's right  
I don't care who's wrong  
I won't deny  
Bow to the will of the strong

[chorus:]  
I come now  
Run for your shelters and caves  
Because I'm coming down  
You are the one  
Precious one, 'cause I'm coming  
I'm out for you kings and your knaves  
The battle is on  
You are the one  
Precious one, Temujin

Our host out on the open plain  
We'll fill your hearts with fright  
Your souls, a sea of pain  
The end of your days draw near  
And I'll seize your crown  
Forever soiled with shame  
Our swords will spill the plight  
And hallowed be my name.. you know  
It means war!

[bridge]

[chorus]
