Call me when something's going on inside your home
I'll pick you up and carry you to my throne
'Cause for you, baby, I'll do anything
'Cause I love the joy you bring, baby

Just call on me
When you need someone to touch you, babe
Hold you close, call on me
Girl, you need someone to be right there and won't let
go
Just call on me, baby, call on me, you can come with me
Just call on me, I'll be waiting for your answer, babe

Call on me because the relationship we have will never
end
I would be your lover and your friend
It doesn't matter how long it will be, baby
I gotta get you home, girl, pick up the phone

Or baby, just two way me, we can get away
If only for one night, can we spend the night
I wanna change your mind, I wanna make you mine
No more wasting time, please believe it

Just call on me
When you need someone to touch you, babe
Hold you close, call on me
Girl, you need someone to be right there and won't let
go
Just call on me, baby, call on me, you can come with me
Just call for me, girl please, call me

Baby, if you're wrong or if you're right
It could be morning, noon or night
You can wake me up out of my sleep
'Cause you should never be lonely, baby

Just call on me
When you need someone to touch you, babe
Hold you close, call on me
Girl, you need someone to be right there and won't let
go

Just call on me, baby, call on me, you can come with me
Just call for me, call me baby

Just call on me
When you need someone to touch you, babe
Hold you close, call on me
Girl, you need someone to be right there and won't let
go
Just call on me, baby, call on me, you can come with me
Just call for me, I'm right here for you, babe

Just call on me
Call on me
Just call on me
Just call for me
