The party's over and your still here
And I wonder why? Baby can u make it clear
Cuz your acting like you wanna spent the night
And the way I'm feeling gurl I juss might

Let you stay wit me
And if u act right i might
Let you lay wit me
Cuz I (Cuz I) ive been watchin you watchin me
Half of the night if your thinking wat i'm thinking
Then you know its time

[Chorus]

I can't wait 'till we all alone
I can't wait 'till we get it on
I can't wait cuz its been too long
Cant wait
Gurl its getting late
Cause I've had enough
Ohh baby
I know that I just cant wait no more
Cause girl am goin' crazy
baby I can't wait no more
I wanna give your body whats waiting for
I know I got to have you right now (right now) right now
Baby cause I jus cant wait

I got a throw back and some boxers you can wear
or you can do like me
and sleep in nothing I dont care
I'll do whatever it takes to make you comfortable
the way you look is so incredible
I need to

Let you stay wit me
And if u act right I might
Let you lay wit me
Cuz I (Cuz I) ive been watchin you watchin me
Half of the night if your thinking wat i'm thinking
Then you know its time

[Chorus]

I can't wait 'till we all alone

I can't wait 'till we get it on
I can't wait cuz its been too long
Can't wait
Gurl its getting late
Cause ive had enough
Ohh baby
I know that I just can't wait no more
Cause girl am goin crazy
baby i cant wait no more
I wanna give your body whats waiting for
I know i got to have you right now (right now) right now
Baby cause I jus cant wait

Girl you got me breakin plans that I need to keep (I do)
got an early day tomorrow so I need to be sleepin'
but I dont mind (ohh) cause being with you is like am in
a dream

[Chorus]

I can't wait 'till we all alone
I can't wait 'till we get it on
I can't wait cuz its been too long
Cant wait
Gurl its getting late
Cause I've had enough
Ohh baby
I know that I just cant wait no more
Cause girl am goin' crazy
baby I can't wait no more
I wanna give your body whats waiting for
I know I got to have you right now (right now) right now
(right now) right now
Baby cause I jus can't wait
and am not gon' wait
