I've been waiting to tell you this
You are, all that a man could ever want
Listen

I stepped in a club in your hood
I slowly turned left and there you stood
You and your friends talkin'
But then our eyes connect and moved in

It was just like 2-ways on a beam
I'm your king, be my queen
What did you want to do tonight?
My truck is parked out front, so let's ride

I can read your mind, babe
(Ohh)
I know what you're thinkin'
(I know what you're thinkin', baby)
It's alright with me, baby
It's alright, yes

I can read your mind, babe
(I can)
I know what you're thinkin'
(I know what you're thinkin', baby)
It's alright with me, yeah)
It's alright, yes

So baby take a ride with me
And I'll fulfill all your fantasies
And when the rain starts pourin' down
Then all the love that's lost will be found

I'll make your mind loose control
Over your body that's my goal
So baby just come down here
Just let the gravity pull you near

I can read your mind, babe
(I can)
I know what you're thinkin'
(I know what you're thinkin')

It's alright
(Can you feel me, yeah?)
It's alright, yes

I can read your mind, babe
(Just me and you right now)
I know what you're thinkin'
(I got an idea babe)
It's alright
(Ohh, yeah)
It's alright, yes

I know you wanna rub
(Rub)
I know you wanna touch
(Touch)
I know you wanna feel
(Feel)
So baby keep it real

I know you wanna see
(See)
I know you wanna be
(Be)
In my B-E-D
Grindin' slowly

I know you wanna rub
(Rub)
I know you wanna touch
(Touch)
I know you wanna feel
(Feel)
So baby keep it real

I know you wanna see
(See)
I know you wanna be
(Be)
In my B E D
Grindin' slowly

I can read your mind, babe
(I can read it)
I know what you're thinkin'
(And I know)
It's alright
(You see, I know, you know, 'cause I can feel it too)
It's alright, yes

I can read your mind, babe

(Just me and you, yeah)
I know what you're thinkin'
(I know, yeah)
It's alright
(Ohh, yeah)
It's alright, yes

I wanna love baby
(That's what I wanna do to you)
I wanna feel you
(If you come, if you come)
I wanna love baby
(Ohh, yeah)
I wanna feel you
(I wanna feel you, girl)

I wanna love baby
(Come on and go with me)
I wanna feel you
(I want you to stay with me)
