I know I was wrong and then I feared
Playin' games with your mind, 'cause I knew you cared
Walking out of the door, every other night
And I knew two wrongs wouldn't make a right

Now things have changed and what you feel is not the
same
I thought we could make ends meet
But you can't stand no more pain
And now I know babe, and it is me

I'm lonely and here is where I want you to be
A woman like you, is too precious to lose
And I am confused, what will I do?
Baby, I love you and

I'm sorry, I'm sorry
I'm sorry, I'm so sorry
I'm sorry, I'm sorry
I'm sorry, I'm so sorry

I never knew what true love was
'Til you left me and now the thought of
You with someone else, hurts me deeply
I try to keep those thoughts out my mind

But I think about you all the time
Where is our love, I must be out of my mind?
What else can I do to prove our love to you?
I'm going crazy baby, and your love made me

I never should have done you wrong, now I'm sittin'
here all alone
You should feel my pain and for you I'll change
Can I have a second try? 'Cause without you what am I

And I know you don't want to see a grown man cry, I'm
sorry

I'm sorry, I'm sorry
I'm sorry, I'm so sorry
I'm sorry, I'm sorry

I'm sorry, I'm so sorry

I'm sorry, I done you wrong
And I never, ever, ever wanna be alone
(That's right)
See I got myself together now
So you don't have to worry about me runnin' 'round
(Runnin' around)

I'm sorry I done you wrong
And I never, ever, ever wanna be alone
(That's right)
See I got myself together now
So you don't have to worry about me runnin' around
(You don't have to worry no more, babe)

I'm sorry, I done you wrong
(I'm sorry)
And I never, ever, ever wanna be alone
(I'm sorry, I'll be right here, yeah)
See I got myself together now
(I'm sorry, so please)
So you don't have to worry about me runnin' around
(I'm so sorry)

I'm sorry, I done you wrong
And I never, ever, ever wanna be alone
(That's right)
See I got myself together now
So you don't have to worry about me runnin' 'round
(Runnin' around)
