It started when we got it in with each other (ah ah ah
ah)
I should've thought about it but one thing led to another
(oh oh oh oh)
Knew about my friends and all my other lovers
Pushing all the time like we're committed to one
another

Its such a mental chase
Tired of saving face girl
All I ever see
is you upset with me
so many different questions
all types of suggestions
dont mean to come off harsh or rude
but im that dude

(chorus)
you said when you met me that you would accept me
dont try to correct me
cause im that dude
i cant apologize girl you already knew
im just speaking the truth
cause im that dude
(said when you met me)
but im that dude
(you would accept me)
but im that dude
(said when you met me)
i broke all ya rules
(you would accept me)
im that dude

it was cool but you started dealing with emotions
you kept coming back like that cause you felt it was ok
going thru a different phase
wanna show a nigga change my pace
but we had an understanding
what you want is too demanding

Its such a mental chase
Tired of saving face girl

All I ever see
is you upset with me
so many different questions
all types of suggestions
dont mean to come off harsh or rude
but im that dude

(chorus)
you said when you met me that you would accept me
dont try to correct me
cause im that dude
i cant apologize girl you already knew
im just speaking the truth
cause im that dude
(said when you met me)
but im that dude
(you would accept me)
but im that dude
(said when you met me)
i broke all ya rules
(you would accept me)
im that dude
