Oh I, oh I, oh I, oh I  
Oh I, oh I, oh I, oh I

If I didn't have a dime  
Tell me would you spend the time?  
All I hear is buy me things  
Baby girl, what's on your mind?

You said money ain't a thing to you  
But all that shopping you do  
I can't keep a dime in the safe  
I'm not tryna pull your weight  
Let's make a deal

Baby, let's make a deal  
If you hear what I say  
And you give what you want  
We can have everything  
As long as you learn how to give and take

Baby, let's make a deal  
If you do what I say  
And you give what you want  
We can have everything  
As long as you learn how to give and take

Tell me why the house ain't clean?  
Why my son ain't in school?  
Why the phone bill's so high?  
Girl, you must think I'm a fool

All you do is run around all day  
I come home, you got something to say  
Talking 'bout what a man don't do  
That's why I wrote this song 'bout you

So baby, tell me can you cook a meal?  
I'm getting hungry  
Can you wash a load?  
Wash the clothes  
Baby, take this house, take this house  
Turn it and make it home, home

Baby, let's make a deal  
If you do what I say  
And you get what you want  
We can have everything  
As long as you learn how to give and take

Baby, let's make a deal  
If you do what I say  
And you get what you want  
We can have everything  
As long as you learn how to give and take, girl

Fellas, if you're in your jeeps, one time  
Or if you're in your Bentleys  
Won't you turn it up for me, one time  
Turn it up for me

Ladies, hope you're feeling the song  
Playing home all alone  
It's time for me to set it straight  
Sit back and let it marinate

Baby, let's make a deal  
If you do what I say  
And you get what you want  
We can have everything  
As long as you learn how to give and take

Baby, let's make a deal  
If you hear what I say  
And you give what you want  
We can have everything  
As long as you learn how to give and take, girl

Oh I, oh I, oh I  
Oh I, oh I, oh I  
Oh I, oh I, oh I

Fellas, if you're in your jeeps, one time  
Or if you're in your Bentleys, two times  
Won't you turn it up for me, three times  
Turn it up for me, three times

Ladies, hope you're feeling this song  
Playing home all alone  
It's time for me to set it straight  
Sit back and let it marinate

Fellas, if you're in your jeeps, one time  
Or if you're in your Bentleys, two times

Won't you turn it up for me, yeah  
Turn it up for me
