Verse 1:

Oh! It seems like this room is just too small
Like it's us and no one's here at all
But it's crowded you made me know 'em all
Cause you're so close, and you're so cold
You got me like, oh!

Chorus:

Out of everyone around
You've got me up in the clouds
How you stand out from the crowd
I wonder, what did you do to make me notice 'cause it's
show it
Your sensuality
Sensuality

Verse 2:

Oh! Baby you're what sounds like sex to me
Skin so soft that it intoxicates me
Nowhere else to go so girl let's leave
I'm driving, and you're riding
I can feel it baby

Chorus:

Oh! Out of everyone around me
You've got me up in the clouds
How you stand out from the crowd
I wonder, what did you do to make me notice 'cause it's
show it
Your sensuality
Sensuality

Bridge:

You and me equals sensuality
I'm open to any suggestions from you
Excited, I can lick your body
Shiver, if you get close to me I'll make sure you're
pleased

Chorus:

Oh! Out of everyone around me
You've got me up in the clouds

How you stand out from the crowd
I wonder, what did you do to make me notice 'cause it's
show it
Your sensuality
