"Somebody Else"

(feat. LeToya)

[Talking:]

You make this so hard for me

Ooh, ooh, ooh, oooooh

[repeat]

[Verse 1 - Letoya:]

Today I'm forever your lady

Tomorrow I cant take it

We've been through stormy weather

Get back together

And do it over again

Instead of me being your woman

I feel like I'm your opponent

I want this battle to end

Here I surrender

You can have it this aint what I need

But I'm so weak for you

I can only be without you for a day or two

Maybe I been fooling myself

Boy this relationship needs some counseling

So I should call it quits

[Chorus:]

I cant stand to see you with somebody else

Whining and dining somebody else

Rolling in your whip with somebody else

So I'd rather stay than to see u baby

Kissing and hugging somebody else

At your crib making love to somebody else

Introducing your mama to somebody else

So I'd rather stay than to see you baby

[Verse 2 - Avant:]

Its obvious its some misunderstandings

For my girl there is no other standing

I know it seems crazy at times

Stuttering seems like im lying

[Pause]

But cant nobody get it like you do
The way I feel for you is hundred proof
Before I was out of control
Now I cant let you go
There is no reason for you to walk away
Just stay
You can never be replaced
I swear
In the past it was hard for you to trust I see
But at last you can find some security in me girl

[Letoya:] Somebody else

[Avant:] I wont be with

[Letoya:] Somebody else

[Avant:] No, no, no, no, no

[Letoya:] Somebody else

[Both:] So I'd rather stay than to see you baby

[Avant:] Im not kissing and touching

[Letoya:]- Somebody else

[Avant:] At the crib getting down with

[Letoya:] Somebody else

[Avant:] Dont worry bout mama and

[Letoya:] Somebody else

[Both:] So I'd rather stay than to see that baby

[Bridge - Letoya:]

Baby I refuse to let you go
She aint picking up where I left off
And though we fuss and fight
I aint met no other chick
Nothing like me

[Avant:]

Baby it dont matter who's right or wrong
At the end of the night I'll be at home
With you

[Letoya:] I cant stand to see you with somebody else

[Avant:] You give me no reason to be with

[Chorus]

Somebody else

[Letoya:] Whining and dining

Somebody else

[Letoya:] Rolling in your whip with

Somebody else

[Letoya:] So I'd rather stay than to see you baby
Kissing and hugging somebody else

[Letoya:] I dont wanna cuz you make love to me
At your crib making love to somebody else

[Letoya:] So I'd rather stay than to see you baby

Somebody else
ooh
Somebody else
ooh
[til end]
