Oh lady, since you walked out of my life
It feels like the world is just caving in on me
Damn, I can't live in these four walls all alone
And you know how much I love you
And how much I wanna hold you
How could you do this to me?

Girl, since you closed the door in my face
It's been like a dark hall that has no end
I'm looking at this bottle
Gonna drink it till it's gone
You might as well say this is the end
Don't know what I'm gonna do

I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady
My life just ain't nothin' without you by my side
It feels just like suicide, suicide

Feels like I'm on a plane ride facing its final hour
I'm goin' blind and I can't see
In front of the judge facing the death penalty
Lock and throw away the key can't you see

I can't think, I can't sleep, I can't eat, feel so weak
I need you to rescue me, take me from this misery

I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady
My life just ain't nothin' without you by my side
It feels just like suicide, suicide

It won't be long before I go down
I need you girl to come around
I don't know how long it will be
Won't somebody come see about me
I'm on my knees praying to you
Gonna do something that I should not do
I just cant take this pain

I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady

My life just ain't nothin' without you by my side
It feels just like suicide, suicide

I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady
My life just ain't nothin' without you by my side
It feels just like suicide, suicide

Boom, boom, boom
Boom, boom, boom
Boom, boom, boom
Boom, boom, boom
Boom, boom, boom
Boom, boom, boom
