Iâ€™m back again in this time to find a girl that I use to know
I bumped into a friend of mine and she told me where to go
She said, Go right down the 56th street make a left at a corner store
There be a house at an alley way hopes she didnâ€™t move away
Pray sheâ€™s still around but somebody came to the door that I didnâ€™t know
And I knew I had to let it go
Is it over? (is it over?) all over? (all over?)
I let a good girl get away

-chorus-

How could I ever let her get away
Today is not a happy day
So many words that I have to say
Baby I miss you when I need your love
How could I ever let her get away
Today is not a happy day
Could have had her for sherades
Iâ€™ll do anything to have her by my side.

Remember when we talked about all the things that we planned to do
Our wedding day, a house on the valley baby Iâ€™ll give it to you
We could have had it always, but somehow it had fall apart
I would really take your place see your feeling so ashamed
Never should have loved

Iâ€™d give anything (do anything)
See your pretty face again (see your pretty face again)
Hold you, to feel you heaven give me one more chance
(heaven give me one more chance)

-chorus-

If only it were impossible

Need to turn back the hands of time
Iâ€™ll do anything (anything)
Iâ€™ll do anything
Just to make her mine
Canâ€™t live without your love babe
Canâ€™t go on to another day

Where did she go (where did she go)
I gotta know (I gotta know)
I let a good girl get away (get away get away)

-chorus-

Iâ€™ll give anything (Iâ€™ll give anything)
To see your pretty face again (oh baby)
Hold you, to feel you heaven give me one more chance
(HEAVEN)

-chorus-
