I thought that I figured out a woman, but what i
learned it don't amount to nothing
Did everything i knew by the book, but it just didn't
work
I figured happily ever after wasn't, wasn't in the
plans for me
Had just about given up on love until you came around
and showed me exactly what it was

I finally found someone, a girl I can lover forever
never thought it would happen for me
Feels like I'm walking on water walking on water
When I'm with you impossible it's easy to do
Never thought it would happen for me
With you I'm walking on water walking on water

Nothing seemed to matter much without ya
But life has changed another song about ya, and even
if
i try to go back no it just wouldn't work ooh
Waking up beside you we am I dream it feels so unreal
to me
Just like the heaven open up it took a while but i got

my angel from above

I finally found someone, a girl I can lover forever
never thought it would happen for me

Feels like I'm walking on water walking on water
When I'm with you impossible it's easy to do
Never thought it would happen for me
With you I'm walking on water Walking on water

Never knew true love could be what I always heard of
The closet thing to perfection you gave me a reason to
believe that i can do anything
cause

I finally found someone yes, a girl I can lover forever
never thought it would happen for me
Feels like I'm (walking on water) walking on water (on

water)

When I'm with you (when I'm with you impossible) it's
easy to do (to do) ooh hoo

No I believe cause I'm walking on water

You got me walking (you got me walking) ooooooh
