Dust begins to fall to the ground
The air is cold and thin
Thoughts are haunting me as I look around
This will never end when I bleed forever

Don't acknowledge right just dwell on wrong
And this spot in Hell's where I belong
And I've come so far it's been so long
Just don't know why it started or where it came from

Outside shell is strong confident
But slowly eats away
Like a man plagued with disease I try to fight
Through my pores it seems to seep when I bleed
forever

Don't acknowledge right just dwell on wrong
And this spot in Hell's where I belong
And I've come so far it's been so long

Just don't know why it started or where it came from

And why you sit there and do nothing?
You're content with doing nothing

There's nowhere to run and hide
When you're living to die
Stuck alone inside your head
Better off dead
The phone would ring in the empty house
No one's around

Don't acknowledge right just dwell on wrong
And this spot in Hell's where I belong
And I've come so far it's been so long
Just don't know why it started or where it came from

But in my life
I wanted more
I needed more
I taste more
