Darkness coats us  
The smell of fall  
Changing season

The graveyard is alive, black cat across my path  
The chill of cold wind, the breath of the dead

Imprisoned souls  
Trapped for eternity

Black crows break the silence, the garden of the  
dead's  
Alive tonight and you can't stop it, just enjoy it  
Open up your mind and you will feel it too  
The sound, the touch, the thoughts that you've been so  
blind to

You can feel the thoughts of the dead  
Feeling the thoughts of the dead  
True or false, it's still there, teaching me  
True or false, still there, teaching me

You can feel it tonight, the wood has rotted away  
Take the time, absorb it, their time is slipping away  
Stone all carved by hand, statues that resemble their  
faces  
They still breathe, come join us

Yeah, yeah, yeah, yeah

Smell the burning embers, time flickering away  
Timeless but soon gone, timeless but soon gone  
Smell the burning embers, time flickering away  
Timeless but soon gone, timeless but soon gone

Smell the burning embers, time flickering away  
Timeless but soon gone, timeless but soon gone  
And I can find myself alone with just my thoughts  
As time crumbles away, time crumbles away

Smell the burning embers, time flickering away  
Timeless but soon gone, timeless but soon gone

And I can find myself alone with just my thoughts  
As time crumbles away, time crumbles away, yeah
