Come back to me, this is unconceivable  
Breaking apart the ones you love  
Hate runs deep for what you've done to us  
Left alone through suicide, suicide

I just want to die, take away my life  
Lay by your side, please

Come back to me, this is unconceivable  
Breaking apart the ones you love  
Hate runs deep for what you've done to us  
Left alone through suicide

Look at my face you pierce with a blank stare  
No dream could prepare a heart for a lifeless friend  
He's gone, nothing will take back time  
I need him back but nothing will take back time

I can see just fine with you in my life  
And there by my side as it starts to fade  
I know this can't be right, it's stuck in a dream  
A nightmare full of sorrow

Nightmare full of pain, nightmare full of pain  
I look back and see the twisted road  
Best friends and despair took its toll  
Take away, take away, take away, take away

Sorrow sank deep inside my blood  
All the ones around me, I cared for  
And most of all I loved  
But I can't see myself that way  
Please don't forget me or cry while I'm away

Look at my face, you pierce with a blank stare  
No dream could prepare a heart for a lifeless friend  
He's gone, nothing will take back time  
I need him back but nothing will take back time

I can see just fine with you in my life  
And there by my side as it starts to fade  
I know this can't be right, it's stuck in a dream

A nightmare full of sorrow

I can see just fine with you in my life  
And there by my side as it starts to fade  
I know this can't be right, it's stuck in a dream  
A nightmare full of sorrow
