I slide through the wasteland, that's my world
My hunger takes your life, preyed on to keep me alive,
yeah
Mercy's all that you need, mercy's empty in me

Can't you feel the poison rising
Out of the morning and clear through the night
You can feel my strength destroy you
Straight to the heart from the venomous bite

That's right, I shed my skin tonight but my fangs are
hard to hide
And you know that you're going to die, yeah
Mercy's all that you need, mercy's empty to me

Can't you feel the poison rising
Out of the morning and clear through the night
You can feel my strength destroy you
Straight to the heart from the venomous bite

I can't regret, can't escape
Decisions made for me, no control
Fire that burns but never dies, yeah
Wrapped around, I'll bury my fangs inside

Making my way through the night, you're still in my
sight
You're runnin' away 'cuz ya know you can't hide

My instincts are cold blooded hate, to you I'm the
bearer of fate
Wrong place and now the wrong time, now terror is all
that you'll find

Can't you feel the poison rising
Straight to the heart of the venomous bite
Cant you feel the poison rising
Out of the morning and clear through the night
You can feel my strength destroy you
Straight to the heart from the venomous bite

I can't regret, can't escape

Decisions made for me, no control
Fire that burns but never dies, yeah
Wrapped around, I'll bury my fangs inside

Stay inside tonight
You're out there all alone
Vanish from my sites
Venomous control

You won't make it right
My appetite has grown
Lost your final fight
No love will be shown

Stay inside tonight
You're out there all alone
Vanish from my sites
Venomous control

You won't make it right
My appetite has grown
Lost your final fight
No love will be shown
