My story starts the day they said "she cant be found"
The news so dark, heart stopping, I stood silent without
a sound.

It's over, she's finished, mother lies with your father
and sister too.

Cold-blooded, they suffered, shot down by the outlaws
after you.

Sorrow swallows my screams.

Strength of the world - is on my shoulders.

Strength of the world - is on my side.

Strength of the world - the one true beholder.

Ice in my veins - for those who've died.

I've seen my family fade away, you've taken my whole
life.

There's nothing left to say.

Avenge the dead kill all who cross me in my path.

Suicidal, I never planned on coming back.

I want it, I need it, revenge is dripping from my teeth.

Need nothin', to feel power, and bring the killers to
their knees.

Nothin' ta lose vengeance ta gain (you know I'll never
be the same)

So taste my breath I'm close behind you (so desprate
on your final day)

Sowrrow swallows my screams.

Strength of the world - is on my shoulders.

Strength of the world - is on my side.

Strength of the world - the one true beholder.

Ice in my veins - for those who've died.

I've seen my family fade away, you've taken my whole
life.

There's nothing left to say.

Sitting in silence with heaven above me I prayed every
night by their graves.

While I search for clousure I feel it no longer.

I can't turn my cheek away.
I stand before you; I'll sin when I have to.
But now I leave your side, to avenge my family's pride.

I've seen my family fade away, you've taken my whole
life.
There's nothing left to say.

Strength of the world - is on my shoulders.
Strength of the world - is on my side.
Strength of the world - the one true beholder.
Ice in my veins - for those who've died.

So far forever now alone, a greater punishment on me
has been imposed.
A killer falling from the light, I'll miss my family, I'll
never be alright.
