Lost the meaning of our stay
Learn to live another day
Doubt the choices that we made
I know that we can't hide our shame
It's only in disguise

Drowning in our own debris
Fool our thoughts as though we're free
Close our eyes so we can see
The depth of all we mean to be
If only in my eyes

I don't mind
(Read the writing on the wall)
Mother cries
(Tortured voices as we crawl)
Find me on my better days
To lose it once again...in a way

So try to love me while you can
And take the time to understand
As long as I can touch your face
You know I'll never leave this place
If only in my mind
I don't mind
(Read the writing on the walls)
Mother cries
(Tortured voices as we crawl)
Find me on my better days
To lose it once again

But I seem to find out better ways to consciously
pretend

Silence all I want to say
With tendencies to run away
I run away
With you tonight
Launder all my sins away
And just like that mistakes are made
You know
Tonight the world dies-

I don't mind
(Read the writing on the wall)
Mother cries
(Tortured voices as we crawl)
Find me on my better days
To lose it once again
But I seem to find out better ways
To consciously pretend
