House full of roses
A letter on the stairs
A tape full of messages for anyone who cares
Collage of broken words
And stories full of tears
Remembering your life
Cause we wish that you were here

Nothing is harder
Than to wake up all alone
Realize it's not okay
It's the end of all you know
Time keeps passing by
But it seems I'm frozen still
Scars are left behind
But some too deep to feel

And some say this can't be real
And I've lost my power to feel, tonight
We're all just victims of a crime

When all is gone and can't be regained
We can't seem to shelter the pain inside
We're all just victims of a crime

Somedays you'll find me
In a place I like to go
Ask questions to myself
Bout the thing I'll never know
What's left to find
Cause I need a little more
I need a little time
Can we even up the score?

And some say this can't be real
And I've lost my power to feel, tonight
We're all just victims of a crime

When all is gone and can't be regained
We can't seem to shelter the pain inside
We're all just victims of a crime

And nothing lasts forever
For all good things it's true
I'd rather trade it all
While somehow saving you
It must have been the season
That threw us out of line
Once I stood so tall
Now I'm searching for a sign

So don't need your salvation
With promises unkind
And all the speculations
Save it for another time

Cause we all need a reason
A reason just to stay
And Some just can't be bothered
To stick around another day

And some say this can't be real
And I've lost my power to feel, tonight
We've all just victims of a crime

When all is gone and can't be regained
We can't seem to shelter the pain inside
We've all been victims of a crime
Victims of a crime
Living with this crime

I'm missing you (x4)
