Man's becoming more corrupt now, godless, wicked,
and cruel
The soulless man stood silenced, Mary's words rang so
true
Chastisement worse than the flood, spread the word,
it's all through
Don't kill the messenger girl
As if we haven't swam enough in this life of misery

Voice your prophecy, shed us some light
Feel sorrow for mankind's chance to survive
Swallowed lies and swam in our own tears
A stab in the dark but it wounded our will
We won't be here tomorrow, hold on to me for one last
time

We've grown into the numbers, six hundred sixty six
War breaks, a sign of the end, eternally expelled
Look to the sky for knowledge, the stars align tonight
Eclipse and heaven shall fall
Now I know I've seen it all in my life of misery

Voice your prophecy, shed us some light
Feel sorrow for mankind's chance to survive
Swallowed lies and swam in our own tears
A stab in the dark but it wounded our will

Dust the apple off, savor each bite
And deep inside you know Adam was right
Lust and power, indulgence, no fear
Left with his sins, how does this end?
We won't be here tomorrow, hold on to me for one last
time

As the Prophets shedded light
On what's to come the crowds did gather
Your time is precious, they explained
No time to worry, Messiah's coming

Don't go to sleep tonight, darling, hold me in your arms
These will be our final days and I can't let go

Walls are falling, churches burning
Women ravaged, children crying
Flesh is tearing, some still fighting
In this world of misery

Voice your prophecy, shed us some light
Feel sorrow for mankind's chance to survive
Swallowed lies and swam in our own tears
A stab in the dark but it wounded our will

Dust the apple off, savor each bite
And deep inside you know Adam was right
Lust and power, indulgence, no fear
Left with his sins, how does this end?
We won't be here tomorrow, hold on to me for one last
time
