Gotta get out of here  
Nothing for me here  
Nothing to do, nowhere to go  
No words to say, no thoughts to think  
Oooooo I'm leaving. The pressure building up on me,  
The air is really thick.  
Can't breathe. I'm leaving.  
I'm running, I'm running, running out of time  
Out of breath and out of desperation.  
Now you see me, now you don't  
Can't stay here much longer  
Situation I've been making for myself  
Can't take it, I'm leaving, I'm running  
I'm running, catch my freedom  
..Now you see me  
But I won't be here for long.  
I gotta get out, out from under you  
(What are you trying to make me do?)  
I'm running, I'm running  
Gotta get out, gotta catch my freedom  
I'm running, I'm running  
Running out of desperation  
Gotta get out and catch my freedom  
Gotta get what I can  
See I'm running  
Out of desperation.
