13 of Diciembre from the year 80 to 3:24 AM
 is born the white child with blue eyes, chestnut tree color hair
 the mother with a lot of pride after so much time smiles from emotions
 Cryed anxiously the nurse asked what was the reason
 For the father with only 6 months of being pregnant
 Abandoned them did not say why or signs behind one morning he left
 And never returned
 and the mother never forgot that day that ungrateful man
 Failed her

The child was 8 months old and went to her parents and said
 Now the conflicts start and the welfare now does is not enough and nobody
 wants to help
 only cares that she understands that her son needs to eat
 And is 2 months behind on rent and the money that enters is not enough
 anything
 She made decisions that took her to the prostitution made her
 progress
 and the child did not know what his mother was doing
 for him nothing more "noooooooooo..."

the year went by and the child lived like a king
 that was nothing he did not have...yesss in everything he got
 Believing and presuming the young man has become and believing he was the best
 By the sweat of his mother, has that car of the year and visits from armani just
 single one friend from childhood and lots of ememis for his
 personality

When you grow up I want you to be a lawyer or a
 great military leader don't forget that you have parents and a girlfriend that
 you choose has to love you, I'm your mother, your father, your friend
 went the words from that mooom

[Coro]

This is the story of insensible mother
 that thought that her son and comited an error
 Did not listen that advice and followed his feelings
 and even though living her body for her son she fought
 the love of a mother is infinite
 that fruit in the belly is a gift from God
 some times comitted errors
 and that poor woman had no other option

December 16 of 2003 already not a child already has 23
 the mother crying her son has changed he has bad friendships
 and uses drugs also advice that they gave him

and never his mother listened

one day the police knocked on the door looking for an assassin with
his discription
his mother never belived it and cryed and said that her son had not killed anyone
and mother crying in shame shouted crying have mercy my God

she cared about a road the tests her son was innocent in her heart
mean while' her son suffered in jail the mother suffered more
and died
and the son now analisa and the good thing that he was of its mother never see
him and throws all the fault
and takes all the fault
and record how it was a panishment from God
