My heart is gone, it's lost at sea
My happiness, is waving back at me
At me

Surrounded by my loneliness
Too cold to pass, it won't let me be
So how could I breathe

You got me falling down
Spinnin round
Tell me why you always leave
If you're in love with me

You got me losin' my head
Losin' my mind just for you
And I don't know what to do
Every time you say we're fine
Then you change your mind

You got me losin' my head
Losin' my mind just for you
And I don't know what to say
Every day it's all the same
And I feel the pain again, again and again

I need your touch, I need your kiss
I still can taste the poison on your lips
Wat sort of feeling, yeah

I'm falling down
Spinnin round
Tell me why you always leave
If you're in love with me

You got me losin' my head
Losin' my mind just for you
And I don't know what to do
Every time you say we're fine
Then you change your mind

You got me losin' my head
Losin' my mind just for you

And I don't know what to say
Every day it's all the same
And I feel the pain again, again and again

You gotta know
You gotta know you're crazy
To let me go
So think of what you're wasting
You're missin out
On something so amazing
Again, again and again

Yeah you got me losin'
My head

You got me losin' my head
Losin' my mind just for you
And I don't know what to do
Every time you say we're fine
Then you change your mind

You got me losin' my head
Losin' my mind just for you
And I don't know what to say
Every day it's all the same
And I feel the pain again, again and again

Yes I feel it, yes I feel it
All the pain, all the pain
Again, again and again
