Everywhere you've been to, I've been to 1000 times
before
Invincible
Huge street neon lamps drove me reluctantly to my
conviction
In which I fall
In the deepest and darke-kest ocean
From where I see the shore
From where I see the shore

My fingers are snakes I hack
Around your neck they form a necklace
Then nothing could be worse

Maybe I'll match the pieces of that heart, oh baby!
Missing your mistakes
Daily nights curse the pieces of that bad assembly
Missing your mistakes

Who's gonna be aware of the sparks that sends the
envious moon?
You make her shrink
I felt for you the crudest need of love and I consider
that his decay
Suffocates your alabastrine eyes

From where I see the shore
From where I see the shore (I can't remember)
From where I see the shore (I can't remember)
From where I sink

Maybe I'll match the pieces of that heart, oh baby!
Missing your mistakes
Daily nights curse the pieces of that bad assembly
Missing your mistakes

I love you

You said that "Ego sum lux mundi"
You said that "Ego sum lux mundi"
You said that "Ego sum lux mundi"
You said that "Ego sum lux mundi"

And you said that "Ego sum lux mundi"
You said that "Ego sum lux mundi"

C'mon!

You said that "Ego sum lux mundi"
You said that "Ego sum lux mundi"

And now goes all to you, filthy whore.

You said that "Ego sum lux mundi"
You said that "Ego sum lux mun-di"

Oh!

And I say maybe I'll match the pieces of that heart, oh
baby!
Missing your mistakes
Daily nights curse the pieces of that bad assembly
Missing your mistakes
