Picture heaven stuck inside a landslide
Is it true that you'd point it anywhere
Just to save your hide
And from having to ever always
Speaking out from behind your mean streak
Oh, just heaven aglow
Picture heaven stuck inside a curse word
An exclamation point
In anything if it'd make it any less absurd
And some dialect
It came on these people
Dozens of them inside your mind
Who just want to know
Well, when this culture's over will we
Attempt to keep each one that's beside this
Who's to say that you're not the one?
When this culture's over will we
Attempt to keep each one that's beside it
Who's to say you're not the one?
One
Picture heaven stuck inside a curse word
An exclamation point
In anything if it'd make it any less absurd
And some dialect
It came on these people
Dozens of them inside your head
Who just want to know
Then when this culture's over will we
Attempt to keep each one that's beside this
Who's to say that you're not the one?
When this culture's over will we
Attempt to keep each one that's beside it
Who's to say that you're not the one?
Well, when this culture's over will we
Attempt to keep each one that's beside
Who's to say that you're not the one?
One
When it's easy for you
Let us know
For heaven's sake
Don't just shut the door behind you
Has it said

Get me before it's over
You're a liar
When it's easy for you
You're a liar
Let it grow
Grow
