I don't want to be relentless  
Tell you what I think to force this  
Cause Ive seen something here I think is worth saving  
But youve found somebody else  
And it's easier than putting faith in me  
Im trying to remember to breathe  
But Im under the weight of all these  
Feelings I have to bury  
Im reduced to remembering  
Now  
This has nothing to do with me  
And everything with you  
I thought that we were worth saving  
But youve drifted away from this  
And there's no pulling you back in  
I can't be the only one here believing  
Youve shown me how now to walk away  
But even if I left, the feeling stays  
Its clear now that youve found something I can't be  
And you can't risk losing that comfort  
By putting your faith in me  
Now were reduced to remembering  
Just know  
This has nothing to do with me  
And everything with you  
I thought that we were worth saving  
But youve drifted away from this  
And there's no pulling you back in  
I can't be the only one here believing  
So I wont keep myself here anymore  
Don't get up, I can find my own way to the door  
This has nothing to do with me
