The person I was could go by another name
Hes a stranger to me now
Amazing the difference a few years will make
You don't realize youve lost yourself until you turn
around
I keep coming back here to this place
Where it's lonely and cold here without you
I can't change things,
I can't change anything
But if I could, maybe I would
And maybe that's wrong
But this is me now
For better or worse
The person I was is now just someone that youve heard
of
Ive been taking it all
And no matter how rehearsed
You end up with the days that they say you're supposed
to learn from.
Im sorry for all these things Ive passed to you
I remember thinking I was invincible to them all
But they say there are a lot of these things that
everybody goes through
And I thought I was different
But Ive learned that Im not
I keep coming back here to this place
Where it's lonely and cold here without you
I can't change things,
I can't change anything
But if I could, maybe I would
And maybe that's wrong
But this is me now
For better or worse
The person I was is now just someone that youve heard
of
Ive been taking it all
And no matter how rehearsed
You end up with the days that they say you're supposed
to learn from.
Did we learn at all from what we were taught
And after all this time?
This is me now
