"Sickening Revels"

Dark Shapes approach my eyes, no human form
discernable
Erotic in their deformity, I tremble with lust at what is to
come
The scents of lavender and blood lie at your throat
Pale and slender, awaiting razor-edged kisses
Shedding limbs in the ecstasy of your ardor
Skin peeled back to expose the beauty of raw muscle
Consumed by my desires...
Obsessed by sickening revels...
Dance with me beyond the veils
Where pain and pleasure blend as one
I opened the door to macabre delights
Now I am bound helpless to the hunger for flesh
A tapestry of morbid desire
Eros looks on with a blind and jaundiced eye
Bleeding cunt reduced to slashed and gaping maw
Carve in her new vertical smile
The old and the young all join us
Penetrate screaming infants ripping virgin orifice
The extreme of fleshly desire
That I have forsaken morality to achieve
"I'm showing you my love..you stupid worthless bitch!"
Posthumous coitus copulation with carnage
Moonlight lies placid on the dull gleam of bloodied
bone
Delicate pink coils of intestine hanging
Pendulous, between her breasts
Her lovely and pallid countenance offers up to me the
thorax's delights
Lips ground from her face betwixt our teeth
I raise her perfect and screaming mouth to my own
Copulating with feminine viscera
The parts are greater than the sum of the whole
Acts of pleasure with expressions of pain....
