verse1:

ive watched you and its been for a while
we been together so long and have a child
so please own up, please, please, please own up
i see the desire in your eye for him
you try to hide it but ly-ing is exempt
so please own up, please, please, please own up
you know that i love you
and i dont want to lose you
i love you bad bad bad

chorus:

you know i love you but i wont stand for it
i know you secretly like him
i know in life theres only one that can win
and our future is looking grim
i am not the boy next door
but i can make you dance
i am not the boy next door
but i can give you romance

verse2:

when we make love you dont look me in the face
because secretly youre caught in a love race
so please own up, please, please, please own up
yesterday we borrowed sugar from him
took you minutes to come back for the swim
so please own up, please, please, please own up

you know that i love you
and i dont want to lose you
i love you bad bad bad

chorus:

you know i love you but i wont stand for it
i know you secretly like him
i know in life theres only one that can win
and our future is looking grim
i am not the boy next door
but i can make you dance
i am not the boy next door
but i can give you romance
