### Verse1:

I'm hotter than the sun cooler than the moon  
I don't have time for haters feed them with a long  
spoon  
My ego so higher than a witch on a broom  
My lyrics cast a spell when they hit it's like zoom  
I got the prettyboy swag rest of yall apperance doom  
While yall roam the block selling I hit the mall by like  
noon  
And don't keep no straps on me all I need twenty nine  
goons  
No wonder when I'm on the block yall shribble like  
prunes

### Chorus:

I'm cocky (8X's)  
Yo, and I got my green earrings with my chuck taylors  
on  
Yall better approach me right or I'll rock yo dome  
No stealing my spotlight gone head on home  
Names avias so cocky I'm king of all thrones

### Bridge:

What yall gone do with me  
With me  
Oh what yall gone do with me  
I'm cocky

### Verse2:

So avias do you like my fit  
Hell naw no that aint it  
All up in the mirror like it owe me something  
Smooth skin nice lips and no I aint flaunting  
I'm just letting all yall know it's me that they wanting  
Something like the ghost busters and yo I'm the  
haunting  
Conceited to the max boldness taking over  
Now imagine me across the world in land rovers  
Don't fear no nigga don't want no girl  
It's only me needing myself in this world  
Of course god he the number one matter  
Rest of yall live yall lives keep eating getting fatter

America is a trip so I get plenty rest  
Haters coming by the dozen attraction I'm the next  
I got the groupies, keep the loop, see I can't wonder  
around broke  
People begging me to give the up the title NOPE

Bridge:  
What yall gone do with me  
With me  
Oh what yall gone do with me  
I'm cocky

Verse3:  
Just wait and see I'm moving to the next to the next  
scene  
Yall wish yall could be just like me a dynasty

Just wait and see I'm moving to the next to the next  
scene  
Yall wish yall could be just like me a dynasty

What yall gone do with me  
With me  
Oh what yall gone do with me  
I'm cocky

But on some real nigga stuff I know I might have my  
cocky ways  
But all these signs you giving me got me acting  
different nowadays  
Is it a crush or what I mean you can't hate someone that  
loves you  
Or likes you I don't know!
