Verse 1:

It's a crazy
This world so crazy from newyork to l.a.
Everybody on the move out trying to get paid
And it's a spiritual battle so they fighting with the church
Crime here there everywhere right now people hurting
Homeless people on the streets with hopes it's gone get better
Then 10% sit in that jail house waiting on a letter
Abusive family children runaway if you clever
Change your whole surroundings move you to a new level
Drugs alcohol and sex the evil kings of dominion
Shoutout to my true christians that are winning
Take a trip downtown to your amazing church chapel
Anoint yourself from head to toe fruit of good like an apple
The sun rising again for another day
Traffic moving so fast you gone catch a delay
Life have washed you up to the preacher you say
He say the only way to rid your sins you kneel down and pray
Fights throughout this world children skipping school
Girl put on a short dress step in club against rules
Parents didn't give a damn told her it was her life
People dying of disease yo sickness and strife
And I don't have all day to rap so I'm gone finish this
Yall know who on the track none other than the nemesis
This world so crazy yo it's in the book of guinness
People playing with they life a game on sega genesis

Chorus:

This world so crazy (8X's)

Verse2:

This world so crazy can't wait to god come back
Drug dealer hit a house left out pockets fat
Girls dancing on the pole for the cash showing cat
Projects raining hell like I'm never going back
Cars driving down the road moving fast to the beat
Right now as you listen someone fighting in the streets

If this what life serves you yo it's time I retreat
Tried to cheat me out of cash yo give me my receipt
And you gotta change yo lifestyle or then you will reap
And you gotta change yo lifestyle hard heads I repeat
Seems like everywhere you go it's no where to hide
Things would be better evil people swallow your pride
In the northern suburbs is where you want to reside
Double cement pillars palm trees windows wide
But everyone don't win when it come down to fame
Life deals you whatever it's a crazy game
And this an avs production so let me reframe
It's time for another nemesis beat change

Another child is born (6X's)

In the dawn of the morn

Chorus:

This world so crazy (10X's)

Ending: avs exclusive

Avs da rap nemesisssss

Fa sho niggaz!
