### Verse1:

Dog tag on my neck chucks looks really fly  
Bout to step out on the scene know my haters bout to die  
I looked in the mirror before I left said who the flyest  
Instead my dog tag responded: avias you the guy yes  
I moved right along wife beater on my chest  
Got approval from my dogtag so I know um the best  
Um ready to get in the club on the scene have fun  
Ready to watch these sexy girls shake up they bun buns

Like boom boom boom like bam bam bam  
Drop it down to the floor for some green eggs and ham  
Wouldve took you to get 10 wings and fries but um broke  
You still coming to the crib cause you like my dog tag quote  
Remember that's what you said we out the door having fun  
Wait a minute I know my dog tag aint missing son  
Got step back on the scene my dogtag come in first  
And I know yall niggaz gone hate after hearing this verse

### Chorus:

I got my dog tag I don't need nobody else  
It's just my dog tag necklace and myself  
Name imprinted on the front signify who I am  
Everybody rep yo dogtags now ride to this jam

I got my dog tag I don't need nobody else  
It's just my dog tag necklace and myself  
Name imprinted on the front signify who I am

When I walk in the hood everybody know me  
See the dogtag on my neck silver glea-ming
