Chorus:

Got problems in yo life don't worry don't stress
Just open your bible because god know what's best
Live yo life real good worrying not stress free
An eternal kingdom awaits gods servants shall see
Go ahead and clear yo mind don't worry life goes on
That's the reason why I even wrote this song
For my fanz to stop worrying and have a peaceful mind
Don't worry don't stress god is with you all the time

Verse1:

This for my single parent mothers out living on walfare
This for my officers not come home society don't care
This for the little girl that everyone picks on her hair
This for the cripple little boy everyone stops and stare
This for the old lady sick in the nursing home chair
This for the greedy rich people money don't care to share
This for the bombs on the streets corners aint got no home
This for the divorced mother feel like she all alone
This for the true christians the shield of god they wear
This for my soilders in combact battle they prepare
This for the hard worker whos pay haven't been received
This for that family loved one that's hurt or deceased
This for the sad human life that's struck with decease
This for my family with no food stuck on eating cheese
This for my homie that's having a drug addiction
Don't worry call on god it's your problems he fixing

Chorus:

Got problems in yo life don't worry don't stress
Just open your bible because god know what's best
Live yo life real good worrying not stress free
An eternal kingdom awaits gods servants shall see
Go ahead and clear yo mind don't worry life goes on
That's the reason why I even wrote this song
For my fanz to stop worrying and have a peaceful mind
Don't worry don't stress god is with you all the time
