Verse1:

Foes against me

Foes against me

Foes against me "Oh MyGosh stop being dumb this song is about"

The foes against me, you know the ones with the dirty tennis

Always finding different rumors to bring me down

Treat me like I'm the biggest star in the town

You know the ones that keep you going round and round

But when you bring confrontation mouths hit the ground

I only got one thing to say to you

Kiss my behind sixty times hope you taste doo doo

Naw I can't be cold hearted and that sounded disgusting

Maybe we can catch a movie, cafe, or discussion

But honestly I don't have time for you and I'll just keep making music

You keep doing what you do

Best...

And that's hate on me

Always looking for my downfall never victory

Can't wait to see me fall and hit the ground

I'm just too good for yall so ya don't want me around

And it was a certain time frame that I thought yall would vanish

But the older I get keep yall outrageously mannish

Chorus:

What else do yall want from me

Oh I just don't know what to do

Anymore anymore

I'm desperate to be free

But that feeling remains inside

It's foes against me

Verse2:

My name is avias seay but they call me the nemesis

Cause my words so super fly they call me airborne

sentences

It's the world against me so I stay to myself

Take me out of the equation equals my haters left

It's almost to the end this albums here to win

You don't have to chip in cause it's simply free

Just like my heart, just like my love

No matter what I do, yall don't approve of me

So I'll keep being myself, it's me and god that's left

And I don't really care, what my enemys think

You can hide yourself, you can reveal the truth

But just like you hate, just like uma make it through
