Avias seay 2011 "god is the way truth light album"

You know some people only see me in one light  
But what they don't realize is I'm blessed

Chorus:  
Goddd  
Goddd  
Goddd  
Goddd

Verse1:

Body so weak from sin so I kneel to approach you  
Got that gut instinct you gone come through like you  
suppose to  
The reason why I am able to kneel down and pray  
You the reason I'm singing this song today  
You the reason my sister go outside to play  
You the reason my mom can take her with pay  
You the reason why I turned away from being gay  
You the reason for the season in my heart you shall  
stay  
Cross necklace around my neck  
Old friends good bye I'm trying what the heck  
Am I suppose to do give in like you would  
Sorry ladies and gentlemen I got god like you should  
I want to keep him cause the devil got to go  
Where I'm destined to be only he do know  
The messiah or better yet the alpha and omega  
Omniscient amazing spirit is the one who can save ya

Chorus:  
Goddd  
Goddd  
Goddd  
Goddd

Verse2:

It's a crazy world so I act like I don't know you  
It's a crazy girl so I act like I can show you  
People killing and stealing god not happy this a sin

Ladies respect your bodies you aint save then you aint  
in  
I can't waste my whole life living never to know you  
Stay dwelling in sin then satan will show you  
He can change your whole world from darkness to the  
light  
We are his children anointed from head to toe right  
I listen to other rappers promoting sin but I don't judge  
Spitting sex killing vilians and don't forgive hold a  
grudge  
Delivering the wrong message kids getting stuck like  
they in mud  
Fighting clubbing and partying even smoking on the  
bud  
It's only a matter of time before god judgement pour  
down  
All these fake fony rappers didn't do his work is hell  
bound  
I don't support their flavor so I'm here to turn it around  
I only want to serve jesus the king of the crown

Chorus:

Goddd

Goddd

Goddd

Goddd

Verse3:

This beat so hard that's it all in your ear  
This beat for god so it's powerful you hear  
This beat is amazing only because it's about god  
Did you know he can change all that evil in your heart  
Anointed with faith so I walk down dark streets  
Aint worried bout dying for my god I take the heat  
He have done so much thank you isn't enough  
Change me from being hard head and fed me real  
stuff  
I love god I hope this listener know  
And if this listener don't I know above god show  
His passion of good surround me o right now  
Angels of pure gold rebuke me and show me how  
To live a pure life not living for my friends  
This life is just a vapor and oneday it's got to end  
But before this life ends I want god to know I repent  
God my afterlife payed off no more earths rent

Chorus: (2X's)

Goddd

Goddd

Goddd

Goddd
