Intro:

If they ask how I'm feeling, yo I feel like this
Something different from the regular, I feel like bliss
Yo I feel so humble, yo my world so calm
And yes you can try to hurt me, but I'm more than sticks
and stones

Verse1:

If they ask how I'm feeling yo I'm feeling like noah
Very blessed never stressed even tho he was poorer
If they ask how I'm feeling yo I feel like tina
Took a couple blows from ike but was left with beamer
I just got more cleaner, when yall got more meaner
Haterz want to see me fall but my god chi chinga
... my god say chi chinga... in the air my middle finger
Money, cars, doing shows,
They wonder why I'm getting blessed don't nobody
know
Cause I love yall, and all haters reap what they sow
Just waiting for the okay then success uma go
My path made clear for me so I'm feeling aight
Setting they worlds on fire brings the truth to the light
I can't see the bad in them cause they out-ta sight
Uma star so the only time they see me is night

Chorus:

Ohhh I feel so good
Ohhh I feel so good

Verse2:

I need my lights out
So I can see the way
Dark as storm clouds
But joy and peace come today
Feel me yay, kneel to pray, take a trip down to the
oceans waves by the bay
The hurt was here now it's gone so there nothing you
can say
Yo concience bothered you so much to my music hit
play
I'm built like a tower and my faith is of many

Music got plenty
Music got plenty
God choose me for a reason so with music gots plenty
I glow like a light in a world of dark
In a world of mystery in a world of shock
Um jus waiting on my master when he come I'm gone
bark
Then kneel to his worship my anointings his mark

Chorus:
Ohhh I feel so good
Ohhh I feel so good
