Verse1:

I don't roll with too many yo I keep to myself
Called you up you said 12 deep so it's me that you left
Niggaz be on stupid silly crap I just don't have time
I trust only me you say you real "yo nevermind"
Used to be a time I hung around with lots of my friends
I know I kept it real 100 so you tell me how it ends
Niggaz be jealous of you I got mines then get yours
I hustle hard to get mines you mad yo you got nerves
Kicking niggaz to curbs this a new day and age
Why yall be bout that foolish nigga out trying to get
paid
And I know you don't wanna hear ish that I have to say
Be the main nigga to set me up that why I trust only me
Aint dealing with them attitudes that's so overated
I got better stuff to look up to "rapping um the most
hated"
And I hope this get to you clear listen not faded
I trust me only so I stay by myself shaded

Chorus:

I don't have no best friends yo except my money
I'm on my grown man status aint trying to be funny
You do you playa... uma do me
I don't trust nobody just god and just me
Just listen just see aint trying to be mean
I know you say you got my back but everything not what
it seems
If you aint being real yo don't waste my time
I trust only me and um outs to get mines

Verse2:

Hit the clubs by myself and I don't need a buddy
Besides I stay looking fly don't need a follower that's
cruddy
Don't need you to hold my money cause I trust only me
So you say you on your way to scoop me what's really
we gone see
Don't drink and get drunk don't smoke on no weed
But if did I rather be greedy sucking up all my trees
You just called me up on the phone ask what I was
doing

Told you relaxing at home today knowing um really on
the move an
I can have you all up on me yo I need my space
So you say you aint calling no more there's plenty of
you to re-place
See I knew you werent my friend cause you were two -
faced
Told you I was doing me yo you got mad and raced
Now zoom zoom zoom yo um out cruising through
town
Hear gun shots fired heard bout sixty five rounds
But it's something I don't have to worry about don't yall
see
You the one that's in the park yo um out doing me

Chorus (2x's)

I don't have no best friends yo except my money
I'm on my grown man status aint trying to be funny
You do you playa... uma do me
I don't trust nobody just god and just me
Just listen just see aint trying to be mean
I know you say you got my back but everything not what
it seems
If you aint being real yo don't waste my time
I trust only me and um outs to get mines
