Verse1:

I just awoke ready for another day  
A day of full time work the ordinary no play  
The same people everything done the same way  
I'm just so over it this life is really boring

Chorus:

Where the suspense in my life (8x's)

Verse2:

I'm so tired of the usual I need a change  
I want a new location identity name  
If I can achieve the new why settle for same  
Something thrilling worth wild exciting

Chorus:

Where the suspense in my life (8x's)

Verse3:

I want a lover a trip or a new friend  
I want to party so hard till it never ends  
Maybe I'll change my hair to a radical blend  
Why can't I shut down the club or parasail in the wind

Chorus: (2x's)

Where the suspense in my life (8x's)
