New reporters:

Ladies and gentlemen they are here, reports says that  
the us troops have  
Spotted two aircrafts, one a space capsule of some  
sort and another look as  
If it's something from a sci fi movie, ufo spaceship or  
something! please  
Stay in your homes and lock all your doors! we just  
recieved a report that  
They have landed and are opening the portal to their  
aircraft

Verse1:

Attention earthlngs, this is avias, the best rapper in  
polk county florida  
Etc.  
All you dumb stupid humans fighting just to just be  
relevant  
Yo that's kinda hard something like a stripper be  
celebate  
I just gotta keep it real all yall bars are whack, w, h, a,  
c, k niggas get  
Back  
I'm the pimp, yall the hoes so just bring me my stacks  
Any nigga wanna step outta line grabbing the gat  
I'm not in yall league from the future intelligence corp  
A futuristic agency ran by mars you dorks  
These rappers on that a, b, c shit when I'm lightyears  
away  
By the end of 2012 we gone see who here the stay  
These rappers better sit down, gone and fetch me my  
crown  
Royal chair sitting so high I can't even see the ground  
I'm on fire, yall the middle, I just spreaded around  
They better make like nicki and ring the alarm, pound  
I'm the brains of the mic like a spaceship terminal  
Had to slow it down for the re-tards these lyrics aren't  
learnable  
I work so fast like shooting stars when I drop my music  
So bad I can retire unsigned but my fans keep  
choosing it

I said my fans keep choosing it, everytime I drop a  
track I have these  
Rappers just losing it  
Name is avias seay I was deported from mars, a  
futuristic world with aliens  
And flying cars  
On social networks they mimicing me  
Bars just so catchy and so amazing  
Make thse niggaz want to step they entree up to the  
plates  
But they forgot the listeners feasting on my food they  
too late  
I don't have time for haters, so just let them hate  
They sleeping now but when I sign this record deal they  
awake  
I don't care about the peoples opinion what they rate  
Better watch they mouths cause I'm fire for they on  
sake  
For they own sake  
Ha ha ha ha
