Chorus:

I'm moving so fast like a nigga from mars (8X's)
I'm moving so fast like a nigga from mars
I'm moving so fast like a nigga from mars
I'm moving so fast like a nigga from mars

Verse1:

I'm moving so fast like a nigga from mars
My name so plasmic only I can rap these bars
And for the slow people didn't hear me I pause
So for being disobedient mixtape ear candys the cause
These boys so overated swag ever so low
Only few real rappers left yo um ready to blow
I rock my space taylor shoes with the authentic dogtag
Rocket loaded I exploded guess what's happening then
I'm moving so fast
When I crash land on mars it's gone be a blast
I got my space gun when I land on jupiter
Yall niggaz in the streets couldnt get any stupider
Aliens state facts yall rappers are whack
So I came to save the day and drop some new tracks
And don't deport me cause I can't go back
These niggaz on earth keep riding my back

Chorus:

I'm moving so fast like a nigga from mars
I'm moving so fast like a nigga from mars
I'm moving so fast like a nigga from mars
I'm moving so fast like a nigga from mars

Verse2:

I have landed on mars these niggaz loving my bars
I have landed on mars these niggaz loving my bars
I have landed on mars these niggaz loving my bars
Got the groupies, newbies, rubys alienated cars
Cause a nigga so fly and a nigga so clean
Posted up skinny jeans on da rocket machine
And I don't fear yall haters I worship a high being
Galaxy full of stars like is this what I'm seeing
If you listen to rap then you listen to me
I will be around a long time till planted like a seed

I can go for a while never stop at a dime
Time to load my rocket gear um running out of time
Never will I fear you never will you fear me
Stay in your place like honey comb to killer bees
Stop hating on me I'm itching like I got fleas
And you can't destroy me got taser "nigga please"

Chorus:

I'm moving so fast like a nigga from mars (8X's)
I'm moving so fast like a nigga from mars
I'm moving so fast like a nigga from mars
I'm moving so fast like a nigga from mars
