Intro:

Neon crosses (4X's)

Verse1:

Wake up in the morning and I feel your presence  
Everything about you is so essence  
Number one reason I recieve all my blessings  
Stuck by my side through thick and thin taught me all  
my lessons  
So ahh ahh feeling so anointed  
Number one reason I got you appointed  
The world against me they can't take over  
Red, yellow, blue, green like some even mocha  
I once was afraid... but now I'm bolder  
Satan is defeated... this game is over  
My bible is my sword... but I need a reminder  
Something like a shield... I can stand behind a  
I'm standing in the dark... I remember what you said  
Darkness trying to consume... but your names in my  
head  
My eyes glance down to what's around my neck  
How you died for all our sins I just got to rep

Chorus:

Go go go go go go I'll show em that you mine  
Neon crosses (2x's)  
What's around my neck  
Neon crosses(2x's)  
What's around my neck  
Neon crosses(2x's)

Verse2:

Avs da rapnemesis

I got a new dance for this nation  
Neon crosses it sure is blazing  
For the almighty up above  
Gotta show god all the love  
My necklaces illuminating up the whole sky  
Like fireworks blasting below the most high  
I just keep moving up haters wondering why

I got the flashy, always classy, glorious cross sign  
Cause a son so fly and son so clean  
Anoin-ted from head to toe crosses by all means  
Cause my father so high and my father brings  
Blessings from up above and I aint talking bout rings  
(ill show em that you  
Mine)

Chorus:

Go go go go go go go I'll show em that you mine  
Neon crosses (2x's)  
What's around my neck  
Neon crosses(2x's)  
What's around my neck  
Neon crosses(2x's)

What's around my neck symbolizes me  
The son of an amazing being  
Feel his spirit deep down inside of me  
My battles he has already defeated

Chorus:

Go go go go go go go I'll show em that you mine  
Neon crosses (2x's)  
What's around my neck  
Neon crosses(2x's)  
What's around my neck  
Neon crosses(2x's)

I'll show em that you mine
