"and now ladies and gentlemen our feature presentation"

Verse1:

It's been... 9 months 50 years  
Old face all drenched in tears  
Disappointed fans my number one fear  
But I cheer cause making music make me stay young  
Fresh and new like kelis said better yet like this song  
Every other rapper already know that it's on  
So I throw em off the map like spit off a tongue  
Did I say spit off a tongue? I meant spit off a tongue  
Lyrics game so sick make a surgeon feel dumb  
A lot of yall say I'm fruity but prefer yall drink plumb  
I just want a sour drink that's gone make me go numb  
So I don't feel the pain while I'm rapping this song  
Stress seem to overwhelm me when I desire calm  
But I can't slow down cause whack rappers will pass  
I want to go right through yall mario kart on they ass  
Yall can slip on a banana better yet on some trash  
When I hit the finish line don't be asking for cash  
I put yo lyrics in cast out cause they aint bad  
Old fingers reaching up for my pen and my pad  
Naw I'm a be good cause this is a new year  
I'll only drop two tracks then I'm rolling good year  
Naw I can't just let up my title like that  
I want to ride into may fully loaded top bach  
Like I told yall before uma tell yall again  
Every studio is mines I'm the phantom within  
And I think I'm getting successful ya kno starting a new trend  
And yall gone see in the end that I'm gone to win

Chorus:

He's alive  
Ha ha ha  
The phantom in the studio

Verse2:

Standing in the studio... now on a cane  
Didn't come from getting whooped it's how long been

in the game  
Every technology device memorizing my name  
Google me one million listings this aint no game  
From hannah montana yo I got lil bowwows fame  
Don't attempt to spit a rhyme from this I would reframe  
Don't rap killing stealing yo this is so lame  
Differences between us all I rap truthfully main  
Topic of discussion is me in every thread  
And when haters sense me coming yo they gracefully  
spread  
Cause I prefer the color blue but don't mind painting  
faces red  
Shouting to top of my lungs off be with their heads  
Washing thugs out like gain cause they mouths be too  
dirty  
Avias rapping clean lyrics go ahead spread the wordy  
And don't be intimidated with yo girl I aint flirty  
Watching movies on my touch screen and didn't mean  
chirpy  
Yall niggaz so old school um like yall fit the description  
I came to school yall with some rhymes, money, skip  
the eviction  
Better yet I need tips and guape, yen, and some trips  
an  
Bars don't come free like repowing on whips and  
Yall don't have to like me but you will respect  
Besides I only know english not what's coming out yo  
neck  
I be like what the heck yall be done in a sec  
I'll give em real bars critics will not regret

It's only one real rapper and I call him the nemesis  
Oh so you don't believe me then he will be yo nemesis  
While he out dropping tracks other niggaz drop demos  
an  
He just trying to relax gucci shoes colored cinnamon

Chorus:  
I heard the studio is haunted  
Haunted by some say a legendary phantom  
Ha ha ha

Ending:  
Yall better run now I mean gracefully spread  
I'm the reason you can't make it I'll take off yo head  
Yall better run now and this I say is true though  
Behind the grimace mask hides the phantom of the  
studio

I'll keep writing and writing haha writing victory will be  
mines hahaha

Ladies and gentlemen a round of applause I'm so  
cocky
