Ayeee
Ya boy avias
Where my real niggaz at
Leggo

Chorus:
Where my ride or die niggaz always at my side
Always keep it hundred, aint got nothing to hide
Always looking out for me when I'm caught up in a tide
Where my ride or die niggaz always at my side
Always ready for a hater and ready to ride
Stay clicked up everywhere spread worldwide

Verse1:
Like I told yall before I'll go the extra mile
Better check my resume, check my file
Rolling 50 niggaz deep, that's just my style
Better not be an assassin, you'll catch us on the prowl
We spread out like pack of roaches searching for crumbs
Other niggaz bout drama other niggaz just dumb
When we catch em spitting lies, cover our ears hummm
Kawasaki bikes through yo hoods
Feeding the poor stealing for the good
Niggaz approach with respect understood
Rarely catch a prick knock on wood
You got my back then I got yours
Hands grip steering whip, hitting a couple of curves
Running a couple errons shooting out a couple words
Other clicks think they badder you can save it for the birds

Bridge:
Ride or die niggaz
Ride or die

Chorus: (2x's)
Where my ride or die niggaz always at my side
Always keep it hundred, aint got nothing to hide
Always looking out for me when I'm caught up in a tide
Where my ride or die niggaz always at my side

Always ready for a hater and ready to ride
Stay clicked up everywhere spread worldwide

Verse2:

Got a call on my phone, my nigga screaming for help
Didn't waste no time, there was no one else
Had to set it all aside wasn't thinking bout self
Cause if they mess with my boy, we gone mess with
they health
Arrived at the scene, my homie look me in my eyes
Told me you being here didn't catch me by surprise
Told him you my brother so um ready to ride
Morning, noon, night everyday no matter time
My niggaz we be getting it in
Got a couple stacks for ya we ready to lend
Nothing like some green in ya hand to bend
Cause our money, money, money never ends
You ride for me uma ride for you
Except um real uma do it times two
When I give you my word you know it's cool
My ride or die niggaz we ready to rule

Bridge:

Ride or die niggaz
Ride or die

Chorus: (2x's)

Where my ride or die niggaz always at my side
Always keep it hundred, aint got nothing to hide
Always looking out for me when I'm caught up in a tide
Where my ride or die niggaz always at my side
Always ready for a hater and ready to ride
Stay clicked up everywhere spread worldwide

Yo this one for my real niggaz out there
My ride or die niggaz
2012 da nemesis!
